

Use the informative tokens; spend less computation

Illustrative design example with synthetic data

a Keep useful content

A tokenized input

a	b	c	d
e	f	g	h
i	j	k	l

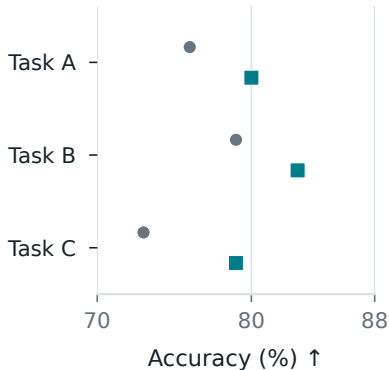

Select

b	f	g	k
---	---	---	---

**4 useful tokens
continue to the model**

Schematic selection

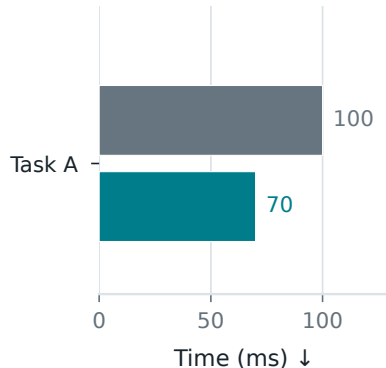

b Higher quality

● Baseline ■ Proposed

c Lower cost

Time reduction: 30%

Fixed training protocol; timing uses identical hardware and batch size.
